APPLICATION CERTIFICATIONS:

I/we understand and agree to the following terms and conditions: (*Please Initial Each Item*)

The property to be demolished has been vacant for at least 90 days. I/we believe that the property to be demolished is "blighted," as described in the Residential Demolition Program Guidelines, Appendix A. Unless expressly waived by the City in writing, the Program requires the property owner(s) to share in the cost of the demolition project in an amount equal to 25% of the project cost. If the property owner does not have the financial means to provide the 25% match they agree to allow the City of Tolleson to lien the real property for said amount. These costs may include: • Testing for hazardous materials as required by applicable laws and regulations; • Removal and abatement of any hazardous materials; • Demolition of the dilapidated structures; and • Clearance of any debris or vegetation on the property. The matching portions of the project costs must be provided to the City of Tolleson for placement in a savings account prior to commencement of the project. The funds will be made payable to the City of Tolleson. I am/we are responsible to maintain the property to comply with all local, state, and federal codes. Upon approval of the application, the City of Tolleson is authorized and directed to remove the structure(s) and other such debris as may be found on the subject property. The City of Tolleson shall acquire, at its own expense, a condition of title report showing that the fee simple title to the subject property is in the name of the property owner(s) listed above, and identifying any lien holders of record on the property. There shall be no special assessments levied against the subject property under the "Residential Demolition Program" because of the removal of the structure(s) and debris, unless otherwise noted. The City of Tolleson will not perform any salvage of personal property, nor will the demolition be unreasonably delayed for purposes of salvage. I understand that it is my responsibility to notify all relevant utility companies that service to the property must be abandoned/	<u>Initials</u>
